This includes learning how to program the respective consoles as well as the physical setup. Students who reach the end of the course will be able to earn a certificate which will allow them to take on technician roles during Raha's Theatrical Productions	Tuesday lunch

# All Year ECPs

Grade	ECP	Description	Day
Grades 6-12	Creating Original Work for the Stage	How do we bring life to our thoughts and ideas on the stage? How can we talk about the nuanced, paradoxical world we live in? What are effective strategies for collaboration in an artistic setting? This ECP will introduce students to strategies for collaborative theater-making and give them a platform for creating and showcasing their own original work. We emphasize interdisciplinarity, so whether you are an actor, director, musician, visual artist, programmer, or an organizer, this ECP aims to give you the space to explore your talents in collaboration with others.	Tuesday - until 5pm
Grades 6-12	COP28 Student Leadership Taking Action on Campus	A year long CAS/SA opportunity to take a leadership role on campus to create meaningful change to systems on campus to improve our environment. This ECP will be modeled after a small to medium enterprise with a focus on entrepreneurship and business development. We will be working on 3 distinctive projects in partnership with Ecyclex a local company that supports a comprehensive recycling program.	Tuesday lunchtime
Grades 6-8	Secondary Choir	An ensemble for talented vocalists to sing music in a variety of styles in harmony together.	Wednesday

# All Year ECPs

Grade	ECP	Description	Day
Grades 9-12	MUN	<p>Model United Nations is a perfect vehicle for students who are interested in politics, debate, and current global topics, to reach their potential as a public speaker, researcher and critical thinker. It is different from the traditional format of debate in that a resolution is discussed and the arguments should be rooted from a country's policies rather than individual opinions.</p> <p>Issues debated are of significant global value, ranging from epidemics to nuclear crises to human rights violations that are vital in understanding our society today. By stepping into the shoes of a country as a delegate, MUN is an opportunity to gain valuable insight on current events and develop educated opinions about the world. It also is a socially rewarding experience as you get to meet people from the RISMUN community who share common interests with you. The topics discussed in MUN are also great supplements to the school curriculum, especially in courses such as economics and history.</p> <p>MUN debates take place on select weekends throughout the academic year. After school mini debates and workshops will also be scheduled to support the development of key skills.</p> <p>Students who wish to join MUN need to attend upcoming information sessions that will be advertised throughout the school. Students and parents with any questions are welcome to contact the MUN director Mr. Michael Molenaar.</p>	TBA
